

**THE PARISH RECORDS OF LOOSE
MARRIAGES
1542-1837**

(Including entries from **Loose Register of Banns** and extracts from **Marriages of All Saints' Maidstone 1543-1742**. Also includes some marriages between couples from surrounding areas)

This list has been compiled by Margaret Chapman, from transcriptions by the late John Short (1559-1837) and Roger Thornburgh (1754-1837), both local historians. Where the two sets of transcriptions overlap both have been checked for compatibility.

Corrupt spellings of names have been retained, apart from those beginning with ff which have been modernised to F.

There were no marriages recorded for the years that appear to be missing. Marriages for 1653-1657 were conducted before Richard Beale, JP

Marriage Registers of All Saints' Maidstone – extracted records (by John Short) of people specifically mentioned as being of Loose Parish and adjoining areas are indicated as 'M' in the 'comments' column. Those marked 'M*' *might* be of Loose – as the names are prevalent in this area.

Loose Register of Banns– only those names (extracted by Roger Thornburgh) that do not appear in the Register of Marriages are included on this list and are indicated as 'B' in 'Comments' column. The **last** of the three required dates of the readings of Banns are given here

Maidstone Strays. (rootsweb.ancestry.com). Names from this list are indicated thus: **MS**. Those marked **MS*** *might* be of Loose.

Some details of witnesses (mainly C19 entries) are available upon request at mchap53767@aol.com
